

AP Biology Organism Diversity Project

The project will cover the Biological Diversity Unit in your text. Each student will create a power-point presentation on 2 (more or less) assigned objectives from the unit guide and give an oral presentation. We will move in the order of the objectives in the unit guide. **Late work will not be accepted.** In addition 3 multiple choice questions per objective, vocabulary, and multiple-choice worksheets are due from each student. A unit exam will be given at the unit's conclusion. We may have time in class for research/project work, so bring your project to class every day to take advantage of class work time.

Products

1. A power-point presentation that covers your assigned unit objectives from the Organism Diversity Unit Guide
2. Three multiple-choice questions you create per objective (hard copy & electronic copy)
3. Vocabulary list (1 page) (hard copy & electronic copy)
4. In class oral presentation
5. All items will be stored electronically in a shared folder. In addition multiple-choice questions and vocab will be handed-in as a hard copy.
6. They will be named using this format. Last name_type_objective section_letter(s) of objectives.
example - Smith_powerpoint_prokaryotes_jk or Smith_vocab_prokaryotes_jk.

Grading

Grading	Points	
Multiple-choice questions that you created	<ul style="list-style-type: none"> • 3 questions per objective • See writing multiple choice questions reference sheets 	6
Vocabulary		5
PowerPoint	<ul style="list-style-type: none"> • 12 slides maximum - 10 is just right • First slide has a Title & objectives covered • Slides should not be text-dense (do not cut and paste from internet sources - all text must be in your own words. • Cite sources for information, images, diagrams, etc.. • Stored online in Shared AP Bio Biodiversity folder 	25
Oral Presentation	In class: DO NOT READ THE SLIDES . You should be able to explain any diagrams and terms that you use.	10
Worksheets - multiple - choice for each section of unit	Worksheets will be checked as we finish each section. I will select one worksheet for specific grading. Answers posted near end of unit	20 - 50 pts
Assessment	Multiple-Choice Unit Exam and 1 essay question	Around 100-150 pts
